

Precision from concept to finished product.

sitronic sensor system
your modular sensor tool kit

sitronic sensor system

Our proven sensors

		PROTECTION LEVEL	APPLICATION	CUSTOMER HARDWARE INTERFACE	COMMUNICATION INTERFACE	REQUIRED ACCURACY
TOS-D		Water	Anti-Fogging	Clip	LIN	Automotive
TOS-A		Water	Anti-Fogging	Clip	LIN	Automotive
C6		Particulates	Humidity/ Dewpoint	Screw	PWM	Automotive
miniTOS		Water	Anti-Fogging	Clip	LIN	Automotive
microTOS		Water	Anti-Fogging	Clip	LIN	Automotive
TOS-C		Water	Anti-Fogging	Clip	LIN	Automotive
TPS-3		Water	Humidity/ Dewpoint	Bayonet	LIN	Automotive
TFS		Water	Humidity/ Dewpoint	Bayonet	Voltage	Automotive
TFS-2		Water	Humidity/ Dewpoint	Bayonet	Voltage	Automotive

> sitronic has supplied the global automotive industry with more than 17 million climate control sensors since 1998

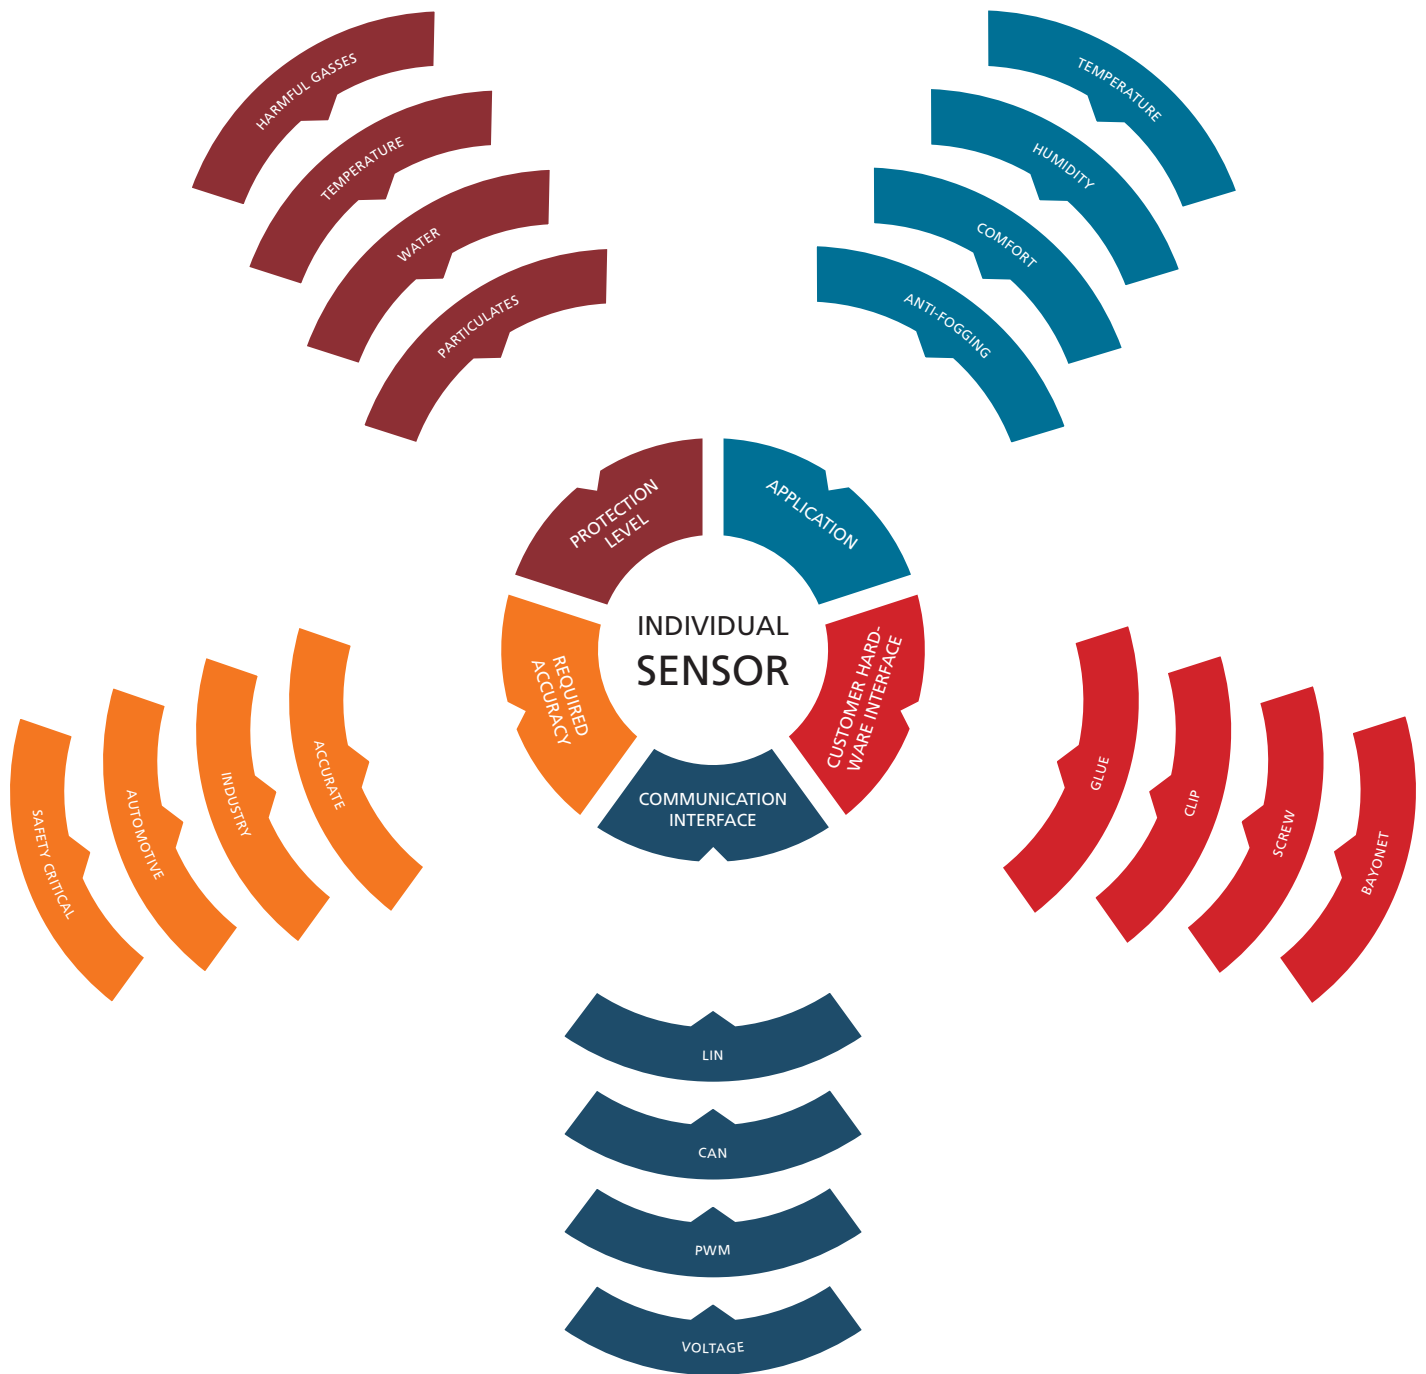

> Our sensors ensure clear visibility and keep passengers comfortable, while lowering climate control system energy consumption – and saving fuel!

> sitronic sensors are key to implementation of Start/Stop technology

> Using our proven line of sensors as a basis, sitronic can provide quick solutions to customer challenges

Modular sensor tool kit

Create your own sensor

> The sitronic Sensor System is our modular sensor tool kit – allowing our customers to configure a sensor specific their given application

> Complete Sensor solutions – from basic to sophisticated, according to application requirements

> Contact us today to learn more and how we can help increase passenger comfort and improve fuel economy

sitronic North America Corp.
Knowledgeable. Dependable. Agile.

sitronic North America Corp. is the U.S.-based subsidiary of sitronic GmbH & Co. KG., a well-established German-based manufacturer of automotive electronics and sensors, founded in 1969. sitronic offers a customized line of in-house developed products as well as electronic engineering manufacturing services to OEM and Tier 1 customers.

- > Manufacturing of customer designed electronic products and assemblies
- > Locations in Germany and USA
- > In house development of: Hardware, Software, Design, Production Process
- > Quality and Environmental Focus, ISO/TS16949, ISO14001 Certified
